Highly-rated Dave Strettle has once again been named in England Elite Performance Squad for the forthcoming 2012 6 Nations Campaign. After joining Saracens in 2010, having scored on his debut for the club was a clear sign of things to come from the clinical winger. He played a pivotal role in their victorious Premiership campaign in 2010/2011, and continues to do so as Saracens seek to retain the title.

Off the pitch he is a confident and outgoing guy, who also runs his own 7s tournament (La Manga 7's) in his own time. Not only is Davis a fantastic athlete, it is his quick decision making in combination with years of top flight premiership experience that has made him a first class finisher. A well rounded individual, David Strettle is an asset to any team; rugby, brand or business.
